

What's happening at Fast Traxx

Shawna Bickley

'08 has been a little rocky with all the rain & a few canceled events, but the weather is looking up and we are looking forward to our 1st ever 2 day Grand Prix weekend August 2nd **First time ever \$1000 pro quad purse.** & 3rd with an August 2nd Super X Country Saturday night.

Our Grand Prix track has quickly become a favorite with all our riders. Beginner, novice and plus rider friendly. It's a great course. Wide, chiseled and watered the track is well maintained. The entire course is spectator friendly including an awesome over and under tunnel area.

Our Grand Prix is a 3 mile loop combining Motocross, a woods section and grass track. There is truly something for everyone! We run the GP 50 minutes plus 1 lap. If you haven't tried a GP come on out and have some fun with us!! With an average of 230 riders our GP's just keep getting bigger. You can check out the GP classes we offer on the fasttraxx.com website.

Back by popular demand ,Saturday night August 2 after our Grand Prix we have our spectator favorite Super X Country for one night only Fast Traxx will turn the area's toughest Supercross track into a Super X Country battlefield!!!Guaranteed to be the toughest course ever built . \$500 pro purse!!Track includes: truck and tractor tires, water crossing, telephone poles, side by side 500 ft slalom course, truckloads of rock, tank traps and over 40 logs!!! Sign up discounts when riding GP and SX races.

Wednesday open practice has been great! With lots of new riders this year and some familiar faces. We are offering two fully prepped tracks for our riders. With the 50cc and 65cc out on the Supercross track. The Motocross track is better than ever with it's natural terrain, river bottom course and the track is family & spectator friendly. Our riders enjoy the shaded course that weaves in and out of the woods with no drastic elevation changes the track flows well, and is a great track for all skill levels. Open practice at Fast Traxx is fun for everyone including bikes and quads. Once again I want to remind the riders and their families that anyone with a military ID always get in free to any and all events at Fast Traxx. Please support our troops and hope to see you all at Fast Traxx!
